PUPILS WITH SHIELDING STATUS

It is vital that you inform the school if your child has had a shielding letter due to medical needs. Please inform class teacher or school office. It is your responsibility as a parent to check with GP/Consultant that it is safe for your child to return to school.

POSSIBLE FUTURE ALTERATIONS TO REOPENING PLAN

We will keep any changes to a minimum. However, it is likely that we may need to alter school finishing times one day per week if there is an increase in the number of pupils/family members in quarantine. For example, if your child or a member of your family has been tested or is suspected of having symptoms PHA will advise you of the quarantine period. During this time your child will remain at home and access online learning. To enable staff to be able to cope with this school may need to close on a Wednesday afternoon to accommodate planning requirements.

TRIPS OUTSIDE NI

If you plan a holiday you must look at the guidance before you book to ensure you are able to meet quarantine requirements with school opening. You **MUST** inform school (via office or class teacher) if you have been outside Northern Ireland. It is your responsibility to check PHA for full details of all countries which require quarantine on return to NI.

SHARING INFORMATION WITH SCHOOL

We plan to send out a short “return to school” questionnaire so you can let us know any issues you feel we need to know. This will be online and will text a link when it is ready.

UNIFORM

Please ensure that your child wears a clean uniform every day. We do not want to put you under undue pressure and suggest that for the initial reopening phase you alternate PE uniform with normal uniform if this makes it easier. Teachers will inform you of the PE timetable as soon as it is formalised.

RETURN TO SCHOOL AGREEMENT

As we reopen school it is important that we are all clear about the guidelines. We envisage that we do this cautiously initially, but as we become more reassured and confident about our procedures we will adapt and change our services as time moves on. We ask that you support us implementing the guidelines. We will be sending a return to school agreement to every family that will need signed and returned. We may do this online and will let you know when it is ready. If you do not agree to the return to school agreement you will not be able to return your children to school. We have to work together as a team to ensure everyone’s safety.

YEAR 1 AND NURSERY MONEY

Please ensure you send money for snack and nursery to school in a named envelope with class and reason for money clearly marked. Amounts to be paid will be sent through SEESAW

TOILET USE

We are very sorry but we will not be able to accommodate toilet use for you or your child after school hours. This includes times when you are waiting to collect siblings.

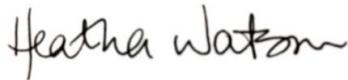

PACKED LUNCHES AND WATER BOTTLES

In preparation for Tuesday 1st September we wish to inform you that children will be allowed to bring their own clearly labelled lunch box and water bottle to school. This will reduce rubbish and help with organisation. We have been instructed to keep items moving from home to school to an absolute minimum and as pupils will only be bringing their coat and lunch items we feel it is manageable.

WHAT CAN YOU DO TO HELP?

- Please remind pupils about hand washing and respiratory hygiene.
- Familiarise yourself with the plan of the site which shows entrance for each class.
- Talk to your child to reassure them that it will be great to get back to school to see their friends and the staff.
- Ensure you have read this letter.
- Remember to send everything in with your child.
- Support us with our guidelines to make reopening as safe as possible.

Detailed information related to each class will be sent home next week.
